

Your Business Will Sizzle

Higher Sales. Higher Satisfaction.

Customers who order online spend more money and purchase higher-margin items. With Savory7, you'll increase your revenue stream, add value and save time.

- **More orders:** You'll gain the competitive edge by providing a service that's in high demand with busy students, parents and professionals, as well as organizations that frequently order food for large groups and events.
- **Greater loyalty:** You'll build repeat business through online ordering and can regularly communicate with your customers through email campaigns, coupons and promotions.
- **Improved efficiency:** Online ordering requires less staff time, and it improves order accuracy. Plus, detailed sales reports are generated automatically for you.

Your success is our number one priority at Savory7, and we'll provide the tools and training to ensure your online ordering system is a hit with customers and employees alike.

"Savory7 has created a online ordering program that provides our guests with an interactive experience that is easy to use, convenient and unique."

-- Scott Doerr, Owner, Bsgheffis

It's Deliciously Simple

Essential to Have. Easy to Use.

Keep your restaurant thriving in today's technology-driven world! Savory7 makes it easy to provide online meal ordering to your customers, while increasing your market share and long-term profits.

We'll create a custom website for you, or integrate our system with your current website. Either way, you get an online menu that's easy to update any time.

Once your site is live, customers can select their menu items, and specify when to have their orders ready for take out, dining in or delivery—whichever services your restaurant offers. Orders are sent to you via fax or email—your choice—and your restaurant can also be alerted via a telephone page.

It's that easy!

- No set up fees or contracts
- Customized for your restaurant
- Easy to implement and use
- Local representatives and 24/7 technical support
- Your customers will love it!

Our Secret Ingredients

One system. Unlimited Potential.

What makes Savory7 so unique? Founder Scott Boring combined his years of restaurant experience and his extensive technology background to develop a system that would meet the needs of his restaurant clients.

- A custom online ordering system that is amazingly affordable and easy to use, yet highly sophisticated
- Supports multiple restaurant sites, menus, and bank accounts at no additional cost
- Personal and dependable service through local representatives and 24/7 technical support
- Ongoing marketing support to promote your online ordering business and keep your customers engaged

Ultimately, Savory7 exists to help restaurants succeed in an increasingly competitive market— a market that is technology and convenience driven.
